Enhanced Care: Meeting changing needs

This is a concept within Edgewood Vista which provides additional services and care beyond traditional assisted living. Residents enjoy the same amenities as assisted living residents, but with more attention and assistance. Supervised by a Nurse Manager, Enhanced Care has a staff to resident ratio of 1:7 to easily meet changing care needs with more personalized care to each resident.

Services may include but are not limited to:
- Safety checks
- Toileting assistance
- Assistance with transferring
- Escorts to meals and activities
- Assistance with bathing, grooming, and dressing
- Assistance with ambulation
- Assistance with exercises

Enhanced Care is not designed to replace skilled care but rather to provide a bridge between assisted living and nursing home care. Residents who have complex medical conditions or require the assistance of two persons to transfer may not qualify for Enhanced Care.

See for yourself

Edgewood brings together familiar friends and new acquaintances with amenities, entertainment, socializing and a broad array of programs. Residents enjoy a full schedule of events and activities. The coffee is always on!

There are soothing room colors and decor throughout. Residents are encouraged to bring their own special pictures, furniture and treasures to help make their apartments home.

Edgewood understands

Alzheimer’s and memory loss affect each individual differently. Our staff members have ongoing training to understand the conditions and challenges associated with this illness. Our staff-to-resident ratio allows us to provide more personal attention and help residents maintain daily living skills.

As people lose the ability to learn new things, Edgewood's staff members reaffirm what residents do remember to help improve self-esteem and reinforce positive experiences. Residents may assist in activities such as meal preparation, cleanup, folding laundry and other tasks.

Edgewood’s Memory Care residents receive:

- 24-hour staffing with nurse coverage
- Safe, secure environment with secured doors and outdoor courtyard
- Care from staff members with specific training in Alzheimer’s and Memory Care
- Three nutritious, home-cooked meals and snacks daily
- Individualized and small group activities
- Assistance with bathing, grooming and dressing
- Medication administration under nurse supervision
- Laundry and housekeeping services
- Barber/Beauty Salon services available for a charge
- Enhanced sense of security and belonging
